

Who – What – Why

If you are between 16 and 27 years of age, inquisitive, from France, Italy, Romania, Austria or Germany and would like to experience an interesting, action-packed time in Lower Bavaria from 26th August to 3rd September, then SummerAKTIVersity is for you.

There are many ways to participate in democratic life. You will become familiar with many examples on how to do so and have the chance to implement these. You will be able to form your own opinion and defend it in political debates. You will be given the means to put your creativity to the test: in sketches or when creating media products. Sports activities in the disciplines parkour and climbing will thrill you. And, of course, a trip to Munich is not to be missed!

WORKSHOPS

PARKOUR

Parkour is a very popular trend sport that is becoming more and more popular every year. The sport originated in France, was founded by David Belle as „Le Parkour“, and then introduced worldwide.

The art of efficient movement, self-development, and the direct route from A to B!

Become an urban ninja in 3 days! We will teach YOU all the basics of parkour in just a few days and will review every newly acquired skill and knowledge on a daily basis.

DEBATE

Listening carefully, engaging with others, deliberating well – practise all these skills when debating. You will learn how to inform yourself quickly and thoroughly. You will gain insight in contemporary contentious issues and learn how to engage with others in a respectful and constructive manner, building confidence and promoting solidarity.

MEDIA - MOBILE CLIP

Discover the creative potential of mobile phones, smartphones and tablets. This workshop will introduce you to practical film-making skills: You will receive creative and technical advice on how to record and showcase the activities that took place during the youth exchange. You will experiment with the basics of video editing and receive legal pointers.

SKETCHING

(sketch notes)

What are sketch notes? Sketch notes are visual notes, i.e. more than the usual text notes we have all learnt to create. Creating sketch notes means creating visual content with incorporated visual elements, such as small drawings, frames, arrows, letterings and the like.
